

# SafeBox 100+5 Module (Class II)

All Wiring Tri-rated to BS6231

- Notes:**
1. This module can be attached to a SafeBox 105 base unit or another 100+5 module and adds 5 more switched/fused supplies to the capacity of the overall unit.
  2. This module comes with wire links for connection of the switched 650V supplies from the previous unit.
  3. The letters/numbers shown in brackets are relevant if this module is the second 100+5 module to be added to a SafeBox 105 base unit.
